RECEIVED

OFFICE OF PETITIONS

Box DAC
Assistant Commissioner for Patents
Washington, D.C. 20231

Sir:

Applicants hereby petition for a correction of the filing date of the above-identified U.S. patent application from November 24, 2000 to November 22, 2000. In support of this Petition, Applicants state as follows:

1. This petition is being filed promptly after recognition that the application had been assigned an erroneous date (see date stamp on attached copy of the Official Filing Receipt).

2. As shown on the enclosed copy of the transmittal sheet which was submitted with the above-referenced application, the number of the "Express Mail" mailing label (Label No. EL265822434US) was placed on the papers submitted to the Patent Office.

Application No.: 09/721,456
Page 2

3. A true copy of the "Express Mail" mailing label showing the "date-in" of the application as recorded by the U.S. Postal Service is enclosed with this petition. As can be seen, both the transmittal letter and the "Express Mail" mailing label refer to "Express Mail" Label No. EL265822434US and the same attorney docket number, thereby confirming that the enclosed mailing label corresponds to the instant application. As can also be seen, both the Certificate of Mailing and the true copy of the mailing label show that the instant application was deposited with the U.S. Postal Service on November 22, 2000; whereas, the Official Filing Receipt incorrectly lists November 24, 2000 as the filing date. Thus, Applicants respectfully request that the instant application be accorded the filing date of November 22, 2000.

Pursuant to 37 CFR 1.17(i), Applicants authorize the Patent Office to charge Deposit Account 20-1430 for the \$130 petition fee (see attached Fee Transmittal). However, it is Applicants' understanding that if the filing date accorded by the Patent Office is found to be in error then this petition fee will be refunded to the above deposit account, and Applicants request that this be done if this petition is accepted.

Please contact the undersigned at (303)571-4000 if there are any questions concerning this matter.

Respectfully submitted,

Scott L. Aussenhus

LICENSE FOR FOREIGN FILING UNDER
Title 35, United States Code, Section 184
Title 37, Code of Federal Regulations, 5.11 & 5.15

GRANTED

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 36 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

NOT GRANTED

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15 (b).

PLEASE NOTE the following information about the Filing Receipt:

- The articles such as "a," "an" and "the" are not included as the first words in the title of an application. They are considered to be unnecessary to the understanding of the title.
- The words "new," "improved," "improvements in" or "relating to" are not included as first words in the title of an application because a patent application, by nature, is a new idea or improvement.
- The title may be truncated if it consists of more than 600 characters (letters and spaces combined).
- The docket number allows a maximum of 25 characters.
- If your application was submitted under 37 CFR 1.10, your filing date should be the "date in" found on the Express Mail label. If there is a discrepancy, you should submit a request for a corrected Filing Receipt along with a copy of the Express Mail label showing the "date in."
- The title is recorded in sentence case.

Any corrections that may need to be done to your Filing Receipt should be directed to:
